## About us

**Twinkle Papers Ltd.** is the fastest growing manufacturer of high Quality HDPE drums and Jerycans, Plastic Crates, Heavy duty Plastic Pallets, Moulded furniture, Dustbin, Corrugated Boxes and Multi-coloured Printed Fibre Board Cartons ... to name a few. Our products are specially designed to meet domestic & export requirements. We are exclusively engaged in this industry from the last 28 years.

**Twinkle Papers Ltd.** is located in Jitwal khurd, Malerkotla (30 kms from Ludhiana) on Ludhiana – Patiala Highway. We have our Transport fleet of 20 trucks having different stuffing capacities. We also have 1mw dedicated power-line to ensure un-interrupted power supply and smooth production activities

We, at **Twinkle Papers Ltd.**, have technically advanced and highly automated manufacturing facilities which are being handled by highly educated staff and professionally qualified technicians / Engineers to enhance outstanding performance.

### OUR VISION

TO BE LEADER IN THE FIELD  
OF PACKAGING AND  
PROVIDING MATERIAL  
HANDLING SOLUTIONS FOR  
NOW AND FUTURE

We are providing our services to leading manufacturers of Food Products / Dairy Products / Lubricant & Grease / Bitumen/ Construction Chemicals / Lab Chemicals / Paper Chemicals / ENA / Rectified Alcohol / Glucose / Sorbitol / Emulsifiers / Agrochemicals / Crystalline Paraffin Wax/ Specialty chemicals/ Bulk Drugs & Pharmaceuticals.

Our products have been checked and approved for export worthiness (UN Certified) by Indian Institute of Packaging. Our Manufacturing facilities also complies with ISO 9001 : 2015 systems.

**Twinkle Papers Ltd.** is committed to serve our business partners by providing Quality Packaging Materials and long lasting Material Handling solutions.

## Product Range

**Twinkle Papers Ltd.** is One Stop Shop For Valued Customers Offering Entire Range Of Rigid Plastic Packaging From 5Ltr To 250Ltr. Product Range Include L-Ring Drums, Narrow Mouth, Jerrycan, Open Top Drums, Plastic Pallets & Crates, material handling equipments, corrugated boxes Etc.

In Upcoming Projects we have Plans to manufacturer Plastic fuel Tanks, Insulation Boxes In different Capacities, Plastic Pails (Buckets), Road Safety Products ,Processing trolleys and plastic furniture.

## Quality

Stringent Quality Control Systems in Place Guarantee Products Of Highest Quality Confirming To International UNO Standards Meant for Dangerous To Hazardous Goods.

All Manufacturing Units are ISO 2001:2015 Certified.

### OUR MISSION

TO PROVIDE QUALITY  
PRODUCTS & INSTILLING  
TRUST AMONG ALL OUR  
BUSINESS PARTNERS.

## Plastic Drums & Jerycans

ISO 9001 : 2015 Certified Company

### PRODUCT CATALOGUE

## Features of Narrow Mouth Bulk Packaging Drums

- ❖ Complete emptying – No Residue / Wastage
- ❖ Extended XL-Ring for easier handling
- ❖ Improved sealing arrangements -100% Leakproof
- ❖ Wide Range
- ❖ Internationally accepted design
- ❖ Optimum utilisation of shipping Container
- ❖ Varied options for cost effectiveness
- ❖ UN approved drums for Export

# BULK PACKAGING

ITEM	MATERIAL	HEIGHT (± 2% mm)	DIAMETER (± 2% mm)	MOUTH OPENING (± 2% mm)	CAPACITY (± 2% Ltr)	TARE WT ± 2%

NM-250	HMHDPE	1055	590	52	256	9.0 Kgs.

**NARROW MOUTH JERY CANS**

ISO 9001 : 2015 Certified Company

## Features of Narrow Mouth Small /Medium Packaging Drums/Jercans

- ❖ International Design-Widely Accepted
- ❖ Zero leakage sophisticated Screw Cap With cup insert
- ❖ 100% drainable
- ❖ Pilfer evident sealing arrangement
- ❖ Re-Engineered packs for cost saving
- ❖ Stackable design
- ❖ Optimum space utilization-Side handle could be tucked in
- ❖ Venting / Degasfication caps are available on demand
- ❖ Designed for maximum usage of shipping Container
- ❖ Large printing area for Aesthetic Marking
- ❖ Long life, High resale Value

# MEDIUM PACKAGING

## Features for Wide-Mouth Drums.

- ❖ Suited for packing Liquid, Semi Solid & viscous Products
- ❖ Wide Opening (5"/135mm)For Quick filling and dicating
- ❖ Economics alternate to open top drums

ITEM	MATERIAL	HEIGHT (± 2% mm)	LENGTH (± 2% mm)	WIDTH (± 2% mm)	MOUTH OPENING (± 2% mm)	CAPACITY (± 2% Ltr)	TARE WT ± 2% mm

40 Ltr	HDPE	485mm	330mm	320mm	45mm	44 Ltr	2.3/2.5kg
50 Ltr	HDPE	550mm	382mm	328mm	45mm	50.5 Ltr	2.2/2.5kg
50Ltr(WM)	HDPE	535mm	390mm	390mm	45mm	54 Ltr	2.5 kg

ISO 9001 : 2015 Certified Company

## Features - Open Top Drums

- ❖ World Standard Open Top Drums
- ❖ Sample closing / opening mechanism with snap fit clamp ring.
- ❖ Excellent drop impact and stacking strength.
- ❖ Snugly fit lid to avoid in-gression of moisture
- ❖ Odourless and non-toxic - best for Food & Pharmaceuticals.
- ❖ Right Size For Optimum export Container Utilisation.
- ❖ Conforms to IS-6312 and UNO Code.

## Advantages and Features of Plastic Pallets

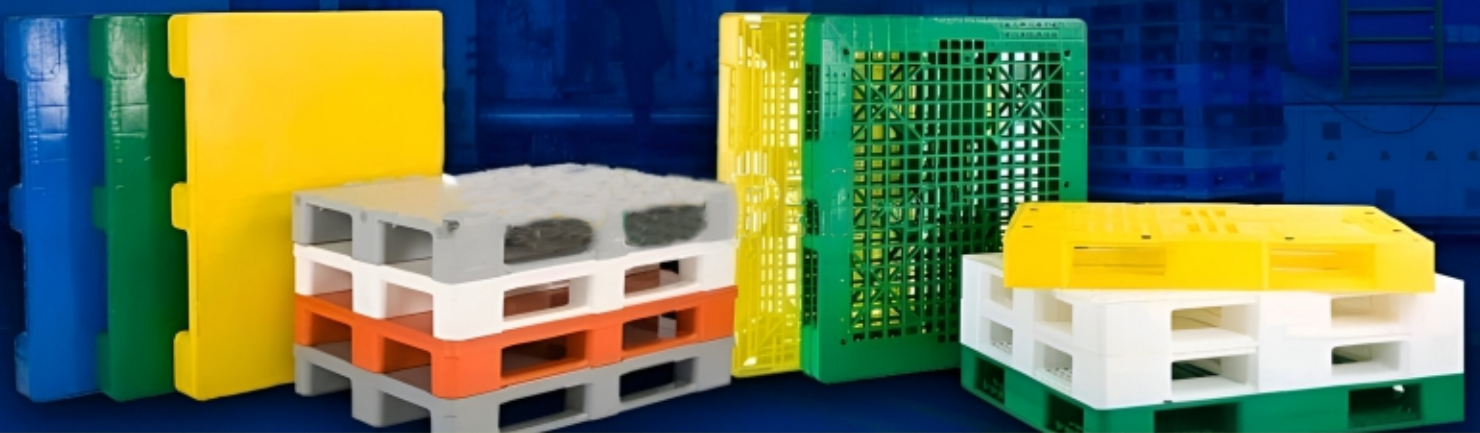

Plastic pallets continue to find increased use in various industrial segments. Flexibility of design and manufacturing, cost advantages and easy maintenance are the major factors that aid towards the growth of plastic pallets.

**Durability:** Plastic pallets offer high dimensional stability with multiple variety of load bearing capacities ranging from Light-weight through Medium-weight up to Heavy-weight.

**Safety and Hygiene :** This is our utmost priority, as we have a large customer base consisting of pharmaceutical and food industries, Plastic Pallets have no sharp edges, no nails and no splinters. Hence, they minimise the damage to personnel and goods. Therefore plastic pallets are extremely safe and easy to handle. They are also non- absorbent and neutral to odors and tastes, which make them more hygienic and thus suitable for pharmaceutical/food applications

**Environment friendly:** Plastic Pallets are 100% recyclable. They reduce the chopping down of trees by replacing wooden pallets which results in decreasing global warming.

- ❖ Plastic Pallets have substantially longer life.
- ❖ Plastic Pallets have fewer or no repairs.
- ❖ Plastic Pallets offer better product protection as there are no broken nails or broken boards to damage payload.
- ❖ Plastic Pallets offer better stability resulting in no spills or falling stacks.
- ❖ Plastic Pallets allow greater utilisation of warehouse space and higher stacking.
- ❖ Plastic Pallets are cleaner and will not absorb moisture or bacteria.
- ❖ Plastic Pallets provide more attractive product display in retail applications as it has multiple colours.
- ❖ Plastic Pallets are lighter weight and easier to handle.
- ❖ Roto Moulded Pallets Can Be Customized Dimensionally.

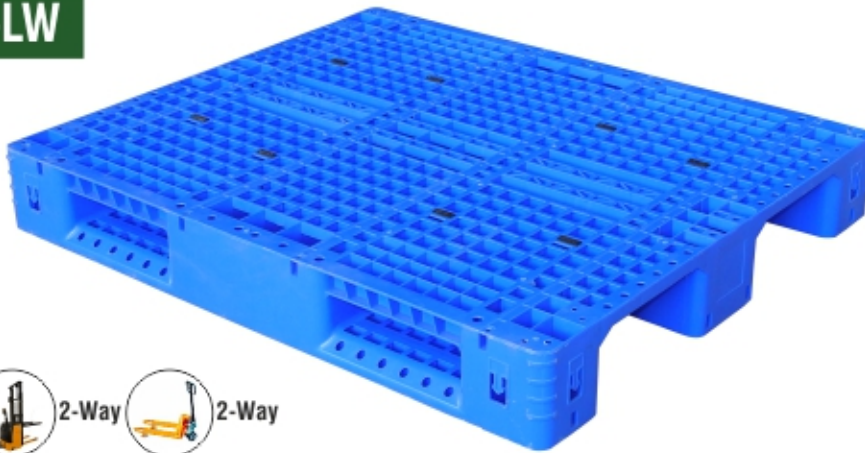

### APPLICATIONS

- ❖ Automotive Industries
- ❖ Paper & Printing
- ❖ Textiles Industries
- ❖ Food and Groceries
- ❖ 3PL & Warehousing
- ❖ Logistics
- ❖ Chemicals & Pharmaceuticals
- ❖ Shipping Containers
- ❖ Cold Storages
